

Niagara River Greenway Commission
March 15, 2011-Questions/Concerns

Project: Wild Ones Niagara- Pollinator Pathways Niagara Falls

- Who will own the 8 lots being acquired for this project?
- Is there any outside funding by attorneys for pro-bono representation and services?
- Is there a plan to sell the land parcels at a later date?
- Is the land adjacent to the Potter House, the Christian Community church land to be purchased? Is the church supportive?
- Where will the volunteers come from?
- Are the administrative costs to great a percentage (44%) for this project?
- How many lots does the budget cover for the three years? What happens after the three years with the lots, will that cover maintenance costs?
- This kind of project can be done anywhere there is a vacant lot, should greenway money really be used for it?
